

# IL VOLUME, LA MASSA E LA DENSITA'

## DENSITA'

$$d = \frac{m}{V}$$

$m = d \cdot V$

$V = \frac{m}{d}$

UNITA' di MISURA

$$g/cm^3$$

$$kg/dm^3$$

$$Mg/m^3$$

CAPACITA' → LIQUIDI  $1 L = 1 dm^3$
